

# The Fynbos Forum of the Future

What does  
it need to  
deliver?

# What is important?

# What do people want to improve?

## Transdisciplinarity

- more managers – by far the largest concern
  - lower barriers
  - be relevant
- society, decision makers and crossover sessions
- information must be accessible

# What do people want to improve?

## **Networking**

- Smaller groups and workshops
- Break cliques
- Innovate world café
- Linked with transdisciplinary

# What do people want to improve?

## Communication

- Overwhelming support for email on meeting, and also jobs and other opportunities
- Also support for web page and more online accessibility eg proceedings
- Webcasts and newsletters

# What do people want to improve?

## **Action**

- Involve and inform decision makers
- Identify tangible issues and lobby for support

# What do people want to improve?

## **Mentoring**

- Support and encourage students and interns
- Ensure all universities and training centres are represented
- Encourage potential mentors to attend

# What do people want to improve?

## Meeting Management

- Content – keynote speakers
- Timekeeping
- Venues and timing

# What do people want to improve?

- Strengthen **transdisciplinarity** especially **management** inputs
- Facilitate **networking** – innovate
- Improve **communication** specifically email and webpage
- Influence decisions – **action**
- **Meeting** management and content
- **Mentoring** ?
